Meeting for Worship with attention to Business

An anthropologist proposed a game to children of an African Tribe. He put a basket of fruit near a tree and told the kids that the first one to reach the fruit would win them all. When he told them to run they all took each others hands and ran together, then sat together enjoying the fruits.

When asked why they ran like that, as one could have taken all the fruit for oneself, they said, "Ubuntu, how can one of us be happy if all the others are sad?" 'UBUNTU' is a philosophy of African tribes that can be summed up as "I am because we are."

! AM BECAUSE YOU ARE

"(Ubuntu) speaks about our interconnectedness. You can't be human all by yourself...(if) you have this quality...you are known for your generosity. We think of ourselves far too frequently as just individuals, separated from one another...you are connected and what you do affects the whole world."

All Are Welcome Here

Because we believe each person represents an image of the Divine and welcome the light that each individual brings, we open our doors to everyone. We encourage full participation by all in the life of our meeting. We recognize one another as equal travelers on the journey, seeking always to celebrate our joys and share our struggles together. May we create and tend an ethic of respect, reverence, safety, and listening. May we delight in our differences.
